Sample: She's, I dream...
Sample: Yeah Yeah <kiddie voices>
Sample: You're quite safe here...

Female choir singing ooh sample.

She reveals her grace when I pull away from the computer screen and breathe,
folding through my clasped hands she whispers heaven into me.
Bathed in bluest light, the Blessed Virgin reaches out extending her hands -
a ghostlike mist raining soft mint leaves and her breast heaves
with the woody life of dead and fallen trees.

Floating in this starlit bog, rotting in the city stench,
I look skyward, I am earthbound,
but I call to her, "Ave Maria, the Blessed Love."

Her fertile female force,
it opens a shaftway,
a shimmering causeway,
I welcome her clarity,
and it floods me,
like a waterfall flushing my soiled, modern filth out to the sea.

I return to the old ways a little,
and pass out...

And like the rainbow colours of an oilstream in the water,
nature's your mother,
space for your children, and
time is your father. Shhh...

Sample: I spend it...

And at the apex of this bliss the world spins
and lifts away...
