INTRO

VERSE1

Floating through the drying ice, dressed in dark and close attire
Loves to make her movements flow, mouthing words she only knows
Closeness is a tired fuss, arms length lover loves the crush
Worship in the music box, she remains impervious.

CHORUS1

BREAKDOWN

until the blue of morning

VERSE2

Dancing on the minaretttes, something strange inside of her
Loves to gouge the earth with bones, build a thing then burn it down
Distance kept from mortal souls, better men are bought and sold
Holding til the bitter last, not a look or touch or word.

CHORUS2

BRIDGE

Nothing... not a single thing will make her hot, wax melt down, no
Nothing... nothing makes an eyebrow twitch or sideways glance to give attention
validation
No one .. no one gets a single motion, tiny flick of something bitter
No way .. not until you're dead and quivering, even then it's not a sure thing.

BUILD

Every charm, every scheme, every throbbing inch of you will be rejected.

VERSE3

Coming to the climax now, dragons rising beautiful
Pushing to a silver scream, all turns hissing boiler steam,
Finally she does release, with massive heart and searing heat,
Lies her lover, she herself, she alone does she entreat.

CHORUS3 REPEAT

Sweet and serpentine - impervious.... she will look right through you
Dancing all the time - impervious.... you will beg for mercy
Not a single sign - impervious.... she just keeps on dancing
Enviies those who've died - impervious.... until the blue of morning

Sweet and serpentine - impervious.... no attention given
Dancing all the time - impervious.... frozen magnetism
Not a single sign - impervious.... apathetic vixen
So happily to cry - impervious.... you'll never know her secret
