INTRO

You're learning to love, your inner thug. (freak)

Em Em G Am (bass neighbour up to Bb)

VERSE1

And the face turns white as the head rolls back
and you push in forward for a closer look.
And the dreadful gap between each one
and the stone cold silence of pounding clubs.
And the snapping tear of modern fabric.
And truant hearts are willing magnets.

Bridge 2
G Am

CHORUS

Gaping entrance, please come in.
Learning to love the thug within.
Notch your belt each place you've been.
Learning to love the thug within.
Cut your teeth on rusting tins.
Learning to love the thug within.
Antibiotic proof of concept, we're learning to love the thugs among us.

VERSE2

Gather your stuff and risk the entry, dare to make the cavern jump.
Strip your body down, and when the strap is coming on - meow.
Say, feline barter, words for tender, you've been chewing something stylish. And,
prowling carnivores besides, I've never seen such cunning milage.

BRIDGE1:

Forget it - it's in you - reject, hit! - it's magic.
Surrender, remember, these diamonds, bring sirens.
Moan ferro, hot copper, bit bottom, get up there.
Shining metal, double feature, taste the sulfur, run forever.

BRIDGE2:

Suffer the action - you feel the touch - stoking the fire - you feel that much.
Muscle for hire - your history cuts you - flaming desire - your inner thug, yeah.
(x2)

CHORUS

Ladies and gentlemen, please come in, we're learning to love the thug within (ya).
Pierce your skin each place you been - you're learning to love the thug within.
Fill the void with magazine - you're learning to love the thug within.
Antibiotic proof of concept, we're learning to love the thugs among us.

BRIDGE2/CHORUS MELD:
