<synth intro>

Abm Dbm B Ebdm7

Dreaming of beautiful weather, Passion fur and flowers.
 Love to stick together, Fire and ice forever
 Permanence in stone, A frozen mortal oath
 Honoured to the grave, Nothing stays the same

Abm Dbm B Ebdm7

Time will not remain

notes: Bb Ab Gb Db Eb

Ending as it starts, Clever mental sparks
 Dusting off the chrome, Leave the phone at home
 Living for the heart, Leave the better parts
 Wear the better clothes, Need a little dose now

notes: Ab Bb Gb Eb
 (verses are Ab chordal)

Grasping at the clasp, Gaping at the mouth
 Tearing off the mask, Exposing all the rats
 Better than the last, Never gonna last
 Promises to share, Declarations dare but

Time will not remain

notes: Bb Ab Gb Db Eb

(Time, Will, Not, Ree, Re-ee-main) x2

Abm Dbm B Ebdm7

Time begins to stain, Promises remain
 All the world for granted, Life is disenchanted
 Screaming at the door, Gouging wrists and throats
 Eyes of bloody metal, Dust is never settled

notes: Ab Bb Gb Eb
 (verses are Ab chordal)

Time will not remain

notes: Bb Ab Gb Db Eb

Smashing fists of rage, Bottled blackened days
 Seething fumes of fear, Rage has found an ear
 Walking on the glass, Glass makes walking fast
 Fusion is a curse for blood is still immersed.

notes: Ab Bb Gb Eb
 (verses are Ab chordal)

Time will not remain x2

notes: Bb Ab Gb Db Eb

(Time, Will, Not, Ree, Re-ee-main) x2
